## Scanning Schedule

Note: We'll send out a request for missing products once we've exhausted all of our internal efforts to locate them.

Perfect-bound products have their bindings removed, so that makes it difficult to borrow them and return them in perfect condition.

Products listed with ALL CALL in the located section mean that we're asking for help in locating these products.

If you have this product in good or mint condition (no tears, drawings, or scribbles) and want to donate it to the cause, please contact Jim Butler ([jimbutler@bastionpress.com](mailto:jimbutler@bastionpress.com)).
